

Stirling School Newsletter

February 11, 2010 Volume VII

Stirling School continues to pursue new avenues and opportunities for both the students and parents of Stirling and area. Check out the new and exciting events unfolding in our school!!!

Stirling School has added to the array of senior high courses we always offer by joining with Alberta Distance Learning to make available countless new and exciting courses to all students in our senior high school. These courses are intended to help complete graduation requirements as well as expose students to unique and different courses. This semester alone we have students working on French, Spanish, General Psychology, Forensics, Law and You, Mechanics, Drafting, Math 14, Math 24, Science 20, Math 30 Applied, and our Knowledge and Employability programs.

Option Days

For our entire junior and senior high school we have incorporated

an “Option Week” where students experience activities such as driver

training, life guarding, scuba diving, and hunter education. We also have students participating in carpentry, welding, mechanics, cooking, barbecuing, cosmetic work, outdoor pursuits, and interior decorating. These options run one to three times a year. They have proven to be a huge success with not only our students but also with the organizations helping us with our option days.
